BECOME A QUALIFIED RABIES EDUCATOR

The **Rabies Educator Certificate (REC)** is a free, online course developed to provide people with the knowledge and skills to teach their communities about rabies prevention.

Anyone can apply for this **free** course. It is self-paced and can either be studied online or downloaded and studied offline.

There are five modules applicable to all situations, regardless of geographical location

- What is rabies and how do people and animals get the disease?
- Understanding the role of a community educator in preventing dog bites and rabies
- How to avoid dog bites and rabies
- Communicating with people
- Caring for animals

The final assessment is online and successful candidates receive a Certificate of Achievement.

AVC: An essential course for individuals involved in dog vaccination programmes

The Animal Handling and Vaccination Certificate (AVC) is a free online course that is designed for professionals working in the field to vaccinate dogs against rabies. It provides essential knowledge and skills to help you handle and vaccinate dogs in a safe, effective and humane manner.

It is ideal for use as part of a physical training programme under the guidance of a professional, or as a refresher for trained handlers and vaccinators who want to update themselves on techniques based on the latest scientific knowledge of canine behaviour.

The course has five modules:

- ▶ The role of the animal handler and vaccinator
- ▶ Understanding animal behaviour
- ▶ Effective ways to approach dogs
- ▶ Equipment needed to catch and handle dogs
- ▶ Effective vaccine administration techniques

The AVC is self-paced and can be studied online or downloaded and studied offline. It can only be accessed after completing the Rabies Educator Certificate, which provides basic knowledge on rabies prevention and raising awareness in the community.

The final assessment is online and successful candidates receive a Certificate of Achievement.

Become an integral part of rabies prevention in your community with the

Community Coordinator for Rabies Educator Certificate

Designed to provide more advanced and in-depth training for graduates of the Rabies Educator Certificate (REC).

the free online **Community Coordinator for Rabies Certificate (CCC)** course helps individuals to become the focal point of rabies prevention in their community.

The CCC course will help you develop the following skills:

- Coordinating the community with regards to the control of rabies
- Building relationships with community leaders
- Building links with the medical and veterinary sector
- Assisting with mass vaccination events in your community
- Managing bite cases or possible rabies exposures
- Managing waste in the community

The course content includes quizzes and case scenarios to enhance learning, and is an ideal tool for rabies control programme staff who are directly involved in the community, veterinary and public health officials, teachers, welfare workers and other professionals.

The CCC is self-paced and can be studied online or downloaded and studied offline. The CCC can only be accessed after completing the REC, which provides basic knowledge on rabies prevention and raising awareness in the community.

The final assessment is online and successful candidates receive a Certificate of Achievement.
